Welcome to PG Excel 2026

Karnataka Postgraduate Conference

“ **H**osted and organised by Navodaya Medical College Hospital and Research Centre, in association with Indian Society of Anaesthesiologists - Raichur Chapter, under the aegis of Indian Society of Anaesthesiologists - Karnataka State Chapter.

A focused academic initiative designed to empower postgraduate students to approach anaesthesia examinations with clarity, confidence and competence. This year's PGEXCEL uniquely combines exam oriented academic sessions with e-poster presentations, creating a comprehensive learning platform for postgraduates across Karnataka.

We are delighted to host you in the historic city of Raichur (Yadedore Nadu), nestled between Krishna and Thungabhadra rivers. Raichur is significantly contributing to the field of medical education through Navodaya Medical College and Raichur Institute of Medical Sciences making it an ideal setting for two days of meaningful academic engagement.

Theme of PGEXCEL2026

“Navigating your success- Compass for anaesthesia exams”

Just as a compass provides direction on an unfamiliar journey, this academic meet is designed to guide postgraduates through theory writing, viva-voce preparation, practical examination performance and scholarly presentations. Through innovative sessions, structured frameworks and exam focused discussions participants will gain clarity on what to read, how to present and how to perform. PGEXCEL 2026 aims to bridge the gap between textbook knowledge and the real-world clinical application, ensuring learning that is strategic, practical and exam-aligned.

We warmly welcome you to Navodaya Medical College Hospital and Research Centre, Mantralayam Road, Raichur and look forward to your participation on June 13th and 14th 2026.

May these two days serve as a guiding compass in your academic journey ahead.

Warm regards,
Organising Committee
PG EXCEL 2026 – Karnataka Postgraduate Conference

”

PG Excel -2026

1. Chat with experts : How to face practical exam

Get real-time guidance from experienced examiners on case presentation, viva approach, common pitfalls, and scoring strategies—**straight from those who evaluate you.**

2. Tips for writing Theory exam paper

Learn how to structure answers, present diagrams, manage time effectively, and write what examiners look for—**turning knowledge into marks.**

Theme of PG EXCEL 2026

"Navigating Your Success – A Compass for Anaesthesia Exams"

3. Present your e-poster (For the first time in any PG EXCEL)

Showcase your academic work on a digital platform, receive expert feedback, and gain confidence in scientific presentation and academic communication.

Not just preparation – this is exam navigation done right.
